

We are excited to get our young players back on the pitch and want to keep them as safe as possible. Players and parents have been inquiring as to what the ASC mask policy is as teams return to practices and matches. While we understand that the situation remains fluid with county and city mandates, we as a club want to remain safe. With that, we are mandating masks for all players unless they are vaccinated, or families can ask their doctor for an exemption letter requesting an exception. This will allow players to remain on the field, and also keep our players, staff, coaches and ASC families safe. We are hoping that implementing this policy can ensure a smooth Fall season for our players with minimal interruptions to practices & games so that we can all focus on playing again. The policy will be reviewed as the guidance and case rates change.

Note, ASC is not able to control the mask wearing of opposing teams, nor are the referees.
